STATE OF NEW JERSEY
GENERAL ASSEMBLY

TUESDAY, January 11, 1977.

At 12 o'clock noon, Tuesday, January 11, 1977 Speaker *pro tempore* Ronald Owens, of Essex County, called to order the second annual session of the One Hundred and Ninety-seventh annual session of the General Assembly (the twenty-sixth) under the Constitution adopted by the people in 1947) by reading the following call:

"This being the second Tuesday of January, the time fixed for the beginning of the Legislative year, the General Assembly of the State of New Jersey is now called to order."

Prayer was offered by Rev. William J. Capik, Pastor, St. Peter's Roman Catholic Church, New Brunswick, N. J.

A rendition of the National Anthem was given by the Rutgers College Glee Club.

William J. Hamilton, Jr., was elected Speaker of the General Assembly for 1977.

The Honorable Richard J. Hughes, Chief Justice of the New Jersey Supreme Court, administered the Oath of Office to Assemblyman Hamilton, newly elected Speaker of the General Assembly for 1977.

Upon assuming the Chair, Speaker Hamilton addressed the General Assembly.

MR. CHIEF JUSTICE, MEMBERS OF THE CLERGY, MY COLLEAGUES IN THE GENERAL ASSEMBLY, MY GOOD FRIENDS AND OUR HONORED GUESTS . . .

I ask but a few moments of your time this afternoon to thank you for sharing this special day with me and my family, and for so deeply honoring me by your presence, your warm wishes for success, your good fellowship and the moving expression of hope and confidence embodied in your decision to select me to become Speaker of the New Jersey General Assembly.

This is a day to which I have looked forward, and which I will not forget.

And it is a day that is not mine alone.

It is a day that belongs as well to my wife, Barbara, and my four children, Billy, Brian, Sheila and Michael. Their love, understanding, patience and support have sustained me. I earnestly hope I can repay them for all they have given me by proving myself capable of being a good Speaker, a good husband and a good father of whom they can be proud.

It is a day that belongs as well to my friends and supporters back home in Middlesex County and Somerset County, to my friends in Trenton and elsewhere in the State, and to my colleagues from both Houses of the Legislature and both parties. Standing beside you in Legislative and political struggles has encouraged me to remain involved in public life by reaffirming my faith in the fundamental decency and steadfastness of those who choose to make our

Nation's Democratic principles a reality by giving of themselves and of their time in pursuit of America's greatness.

And, my friends, it is a day that belongs as well to the man whom Chief Justice Hughes installed as Speaker three years ago when the 196th Legislature began, and to the man who took the same oath last January when the 197th Legislature was organized.

I owe much to Howard Woodson and to Joe LeFante, whose records of excellence showed us all that effective leaders can produce results and earn respect by setting examples of toughness, fairness, diligence and integrity.

It is to Joe and Howard and all past Speakers and their colleagues—the outstanding men and women who have presided over and served in this House—that I dedicate my remarks today. I want to pay tribute to their accomplishments, and talk briefly about how we have tried to build upon the legacy which has been entrusted for us.

When I speak this afternoon of Legislative accomplishments, I speak not of the achievements of the present Legislature—but of the record of growth and progress of the New Jersey Legislature as an institution.

But please do not suspect for a moment that I am reluctant to review the record of accomplishments compiled during the two Annual Sessions of the 196th Legislature and the first Annual Session of the 197th.

I think we have an outstanding record of achievement, and I am proud of it.

And I am prepared to stand on that record, to build on that record, to run on that record and to win on that record.

But this is not the time for competing partisan claims of Legislative success or failure.

It is true that there are those in this chamber who have questioned the record of this Legislature with the same vigor with which I defend it.

Our detractors have already been heard from and, I am sure, will be heard from again soon, and with increasing frequency and fervor, our supporters—and I plan to be among them—will, as well, shortly enter the lists, and the battle for public opinion will thus be joined.

This Legislature, and each of us who has served in it, will, indeed, be judged by the people of New Jersey this year.

But what I request as we begin this new year and this new session, is that in the upcoming political season, our disagreements over the record built by those of us who sit here today do not obscure or further tarnish the many gains in performance and productivity achieved in recent memory by the New Jersey Legislature.

I make this request because I do not wish to see a heated battle for public sympathies lose us the little public understanding and support we enjoy today.

It is not necessary for me to tell you that the Legislature is not highly regarded by the people of New Jersey. The polls tell us so. The press tells us so. Our constituents tell us so.

I don't pretend that all is well in State Legislatures, without question, work remains to be done.

But we have improved dramatically in New Jersey—and to the point that the respected Eagleton Institute of Politics at Rutgers University can term the Legislature's low standing with the public "ironic" in light of our present enhanced role and increased responsibilities.

An Eagleton study of the New Jersey Legislature published last year by the New Jersey Historical Commission observed that "after decades of institutional lethargy, the New Jersey Legislature is now undergoing change and making progress. It may not be immediately obvious but the transformation has been real nonetheless."

And I can report to you that similar Legislative progress is being made and being recognized in State capitals throughout the United States.

As you may know, I was proud to be elected last year to the Executive Committee of the National Conference of State Legislatures and, last month, visited the state of Israel as a guest of the Israeli government on a tour of American state legislative leaders organized by the NCSL.

I enjoyed my stay in Israel. Our tours of the country and meetings with government officials were pleasant and informative. Our Israeli hosts were generous and quite gracious.

But I found particularly rewarding the opportunity—albeit on foreign soil—to talk with legislators from other states and find that they have been bedeviled by the same difficulties and encouraged by the same modest gains as we have experienced here in New Jersey.

I can assure you, from my conversations in Israel and other contacts with legislators, that American Legislatures have been acting with ability and with vitality to resolve fundamental questions of human relations and to solve critical problems that confront our society.

Permit me three examples.

In California, the Legislature added to the panoply of rights enjoyed by the people of that state the guarantee that they could choose to die peacefully and with dignity.

In the State of New York, the Legislature acting under pressures of time and with bipartisan cooperation joined with the New York city government, organized labor and the business and financial community to save—at least temporarily—the largest city in America from bankruptcy and ruin.

And, in New Jersey, the Eagleton study reported that “in the past year, the Legislature has produced a major overhaul of the State tax system, a redistribution of school aid, a process to promote a “thorough and efficient” education, minimum competency standards for children in the schools and a State budget that pretty well holds the line on expenditures.”

A visitor in any one of the 47 remaining state capitals would find comparable examples of vexing challenges, frustrating struggles and responsible Legislative action.

Take heart, we are not alone.

We have vital roles in an exciting movement in America to make the basic institution of representative democracy—the Legislature work again and work well for all our people.

For those of us who served in State Legislatures in the last half of this decade, the last quarter of this century and this first year in our march toward the Nation's tercentenary celebration, these are, as John Gardner of common cause has written, days of hazard and hope.

To quote Gardner again, we find ourselves today in a situation in which "the prospects never looked brighter and the problems never looked tougher."

That's precisely the kind of challenge to which we as legislators have grown accustomed.

Let's get to it.

The Rutgers College Glee Club offered several musical selections.

Brief remarks were made by Assembly Majority Leader Jackman and Assembly Minority Leader Kean.

Mr. Jackman offered the following resolution, which was read by the Clerk and adopted:

Resolved, That the Speaker appoint forthwith a committee of six to wait upon the Governor and inform him that the General Assembly has organized by the election of the Honorable William J. Hamilton, Jr., of Middlesex County as Speaker of the Second Session of the One Hundred and Ninety-seventh Session of the General Assembly of New Jersey, and is now ready to proceed to business.

The Speaker appointed a committee of six.

A message was received from the Secretary of the Senate as follows—and was read by the Clerk:

STATE OF NEW JERSEY,

Mr. Speaker:

I am directed by the Senate to inform the General Assembly that the Senate has passed the following resolution:

In which the concurrence of the General Assembly is requested.

ROBERT E. GLADDEN,
Secretary of the Senate.

A motion was made by Mr. Jackman, seconded by Mr. Burstein, that the General Assembly concur in the foregoing resolution.

Which motion was adopted.

Assembly Speaker Hamilton introduced Senate President Feldman for the purpose of convening in Joint Session.

Senate President Feldman recognized Senate Majority Leader Merlino.

A motion was made by Senate Merlino, seconded by Assembly Majority Leader Jackman that the Joint Session of the 197th Legislature do come to order.

Which motion was adopted.

Which motion was adopted.

Prayer was offered by Rev. Harry A. Hildebrand, Pastor, Mt. Zion A. M. E. Church, New Brunswick, N. J.

Senator Feldman introduced the Honorable Brendan T. Byrne, Governor of the State of N. J.

Governor Byrne, delivered his Annual Message to the Joint Session of the 197th Legislature.

A motion was made by Senator Merlino, seconded by Assemblyman Jackman, that the Joint Session do now rise.

The General Assembly reconvened.

Mr. Jackman offered the following resolution, which was read by the Clerk and adopted:

Speaker Hamilton announced that Madelyn A. Rumowicz would be his Executive Assistant.

15:1. ...

STATE OF NEW JERSEY, }
EXECUTIVE DEPARTMENT, }
January 13, 1977. }

ASSEMBLY BILL No. 2028
(SECOND OFFICIAL COPY REPRINT)

To the Assembly:

Pursuant to Article V, Section 1, Paragraph 15 of the Constitution, I am appending to Assembly Bill No. 2028 (Second OCR) at the time of signing it, this statement of the terms, or parts thereof, to which I object so that each item, or part thereof, so objected to shall not take effect.

Page 1, section 1, line 13: Omit “\$600,000” insert “\$310,000”.

This bill as passed by the Legislature appropriates \$600,000 to the Department of Community Affairs to cover the cost to counties and municipalities of supplemental law enforcement personnel and public health related expenses required for Operation Sail and other Bicentennial activities during the period July 3 through July 7, 1976.

I have previously announced my intention to reduce the amount of this appropriation to the level reflected in claims submitted to the Department of Community Affairs through November 15, 1976. Although claims from counties and municipalities bordering on or near the Hudson River have substantially exceeded the \$150,000 allocated to this area by the bill, claims from the other two geographic areas designated as eligible for appropriations are below the allotments provided in the legislation. Consequently, total eligible claims in the amount of approximately \$310,000 have been filed with the Department. Since the manner of division of this appropriation has been the subject of considerable discussion in the Legislature, I do not believe it appropriate for me to attempt any modification of the geographic

allocation fixed by the Legislature other than to reduce the total amount appropriated to the level of claims submitted.

My action should not be construed as a final determination that these claims are valid for full reimbursement. The Department must review each claim to ensure eligibility under the statutory formula and verification of the manner and amount of expenditures. In accordance with the legislation, any moneys not expended shall be returned to the General State Fund.

Respectfully,

[SEAL]

Attest:

BRENDAN BYRNE,
Governor.

JOHN J. DEGNAN,
Executive Secretary to the Governor.

Messrs. Jackman, Hamilton, Hurley, Foran and Kean offered the following resolution, which was read by the Clerk and adopted:

AN ASSEMBLY CONCURRENT RESOLUTION memorializing Congress to enact legislation which will assure minimum funding of New Jersey's construction grant program.

WHEREAS, The present exhaustion of Federal funding for sewage treatment facilities will seriously hamper New Jersey's efforts to cleanup its rivers, bays and adjacent ocean waters; and

WHEREAS, The continued lack of Federal funds is a major obstacle in the continuing development of alternatives to ocean dumping of sludge, notably composting and pyrolysis; and

WHEREAS, The continued lack of Federal funds will add to New Jersey's high unemployment rate; and

WHEREAS, Renewed Federal funding in the form of a Fiscal Year 1977 appropriation would allow this vital program to continue while providing a much-needed stimulus to New Jersey's seriously depressed construction industry; and

WHEREAS, A Fiscal Year 1977 Federal appropriation for the construction grant program is a priority legislative need for New Jersey; and

WHEREAS, The deadline for Fiscal Year 1977 Federal appropriations is rapidly approaching; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey (the Senate concurring):

1. That the General Assembly and Senate of the State of New Jersey do hereby memorialize Congress to enact legislation appropriating moneys for Fiscal Year 1977 in order to provide funds for construction-ready projects during that period.

2. That duly authenticated copies of this resolution be transmitted to the President of the United States, the

Mr. Gewertz offered the following resolution which was read by the Clerk and adopted:

AN ASSEMBLY RESOLUTION memorializing the President of the United States to take emergency measures immediately to relieve the natural gas crisis.

WHEREAS, The extremely cold weather has increased dramatically the consumption by residents, industries and businesses of heating fuel, and has placed excessive strain upon the already depleted natural gas reserves available to New Jersey upon which millions of our citizens and thousands of commercial and industrial concerns depend for heating and plant process operations; and,

WHEREAS, Because of the severity of the current natural gas shortage in New Jersey as well as in other regions of the country, the American economy is suffering from the loss of millions of jobs as well as untold amounts of revenue to governmental agencies in addition to the millions of taxpayer's money now being spent in the payment of unemployment and welfare benefits; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey:

1. That the President of the United States, with the cooperation and assistance of the Congress, take whatever action he deems necessary and appropriate to nationalize the control and management of all natural and synthetic gas producers as well as all pipeline distribution and storage systems for the duration of the alleged crisis.

2. Nothing in this resolution shall be construed to be an arbitrary or deliberate encroachment on the American free enterprise system, but merely as expedient measures of a temporary nature. Due to the severe shortage of natural gas, members of the public and private industry alike are given no choice in the matter of business hours allowed nor temperature settings to be employed in both home and on the job. Further hardships are being imposed by the curtailment of overtime, the hours when shopping will be permitted, and the like. Emergency situations dictate the use of emergency measures such as these. Hence, it is not unreasonable under these conditions to impose emergency measures upon natural gas producers and distribution systems as well.

Be It Further Resolved, That the Clerk of the General Assembly is instructed to forward a duly authenticated and attested copy of this resolution to the President of the United States, the President of the United States Senate and to each Senator from the State of New Jersey, and to the Speaker of the House of Representatives and to each

member of the House of Representatives from the State of New Jersey.

Mr. Kozloski offered the following resolution, which was read by the Clerk and adopted:

AN ASSEMBLY RESOLUTION memorializing the President of the United States to move decisively to alleviate the natural gas crisis and to begin to lay the groundwork for an effective permanent solution to the natural gas problem.

WHEREAS, The critical shortage of natural gas in this State, as well as other states in the Midwest and Northeast regions, is causing extreme economic hardship and threatening the health, safety, and welfare of millions of citizens; and

WHEREAS, Responsibility for the fair and equitable distribution of natural gas supplies rests with the Federal rather than the State Government; and,

WHEREAS, There does not appear to be a clear, coordinated national plan to deal with the present crisis or to preempt the possibility of similar future shortages of natural gas; and

WHEREAS, There have been allegations that certain natural gas suppliers are withholding available reserves in order to cause a sharp increase in prices and thus generate greater profits from the sale of natural gas; and

WHEREAS, At this time of crisis for a substantial percentage of the Nation, many states are enjoying the benefits of a natural gas surplus while others, principally as a result of severe weather, are laboring under the hardship of critical curtailments of supplies; now, therefore

Be It Resolved by the General Assembly of the State of New Jersey:

1. That the President of the United States is hereby respectfully memorialized to take forceful and effective action to determine the full extent of our national supplies of natural gas, to develop a plan whereby those supplies shall be allocated to relieve the distress of those in greatest need, to withhold the export of natural gas to other countries until our Nation's requirements are adequately met, and any other steps he may deem appropriate, including, if necessary, the nationalization of the industry, to assure that

this State, as well as other aggrieved states, have adequate supplies of natural gas to satisfy our industrial, commercial, and residential needs.

2. That the President of the United States is hereby further memorialized to mandate that a study be conducted to comprehensively review the natural gas situation and to make recommendations to him concerning the effects of deregulation of natural gas and other measures as possible long-term solutions to the problem.

3. That the Clerk of the General Assembly is instructed to forward a duly attested copy of this resolution to the President of the United States.

Mr. Jackman offered the following resolution, which was read by the Clerk and adopted:

AN ASSEMBLY RESOLUTION directing the General Assembly Energy and Natural Resources Committee to study the practicability and feasibility of establishing a State Energy Reserve Bank.

WHEREAS, The fact that New Jersey contains within its borders no native supplies of oil, natural gas, coal, or any other energy source makes this State dependent upon shipments of these commodities from other States, from the Federal domain, and from foreign nations; and,

WHEREAS, New Jersey's dependence upon others for those basic energy sources so essential to the public health, safety and welfare of our citizens may very well be responsible for the present energy crisis afflicting our State, in that this crisis may have been caused more by deficiencies in energy distribution patterns than by insufficiencies in energy supplies; and,

WHEREAS, It has been suggested that one possible way to confront an energy crisis so caused is for the State of New Jersey to enter the market as a purchaser of essential energy sources, to store such energy sources in times of plenty, and to sell such sources at market prices in times of shortage, all of which activity may be undertaken to supplement, and not to compete with, the free enterprise system; and,

WHEREAS, It is incumbent upon the General Assembly to give the most serious consideration to any suggestion that holds the potential of alleviating the hardships being endured by the citizens, industries and commercial establishments of this State as a result of the present energy crisis; now, therefore,

Be It Resolved by the General Assembly of the State of New Jersey:

1. That the General Assembly Energy and Natural Resources Committee is directed to undertake a study to determine the practicability and feasibility of establishing a State Energy Reserve Bank which would, pursuant to State law, and in conformity with all relevant Federal laws, rules and regulations, purchase essential energy sources from wherever such may be available, store such sources until such time they are required to meet supply insufficiencies, and, when necessary, sell such sources at market prices either to energy suppliers or ultimate consumers, whichever may be appropriate. In the course of its study, the committee may consider any particular organizational form or structure, and any specific powers, duties and functions of such a State Energy Reserve Bank which, in its judgment, will serve the best interests of the citizens of New Jersey in meeting the energy needs of this State in times of emergency in ways which will supplement, and not compete with, the free enterprise system.

2. That the committee shall be entitled to call to its assistance and avail itself of the services of such employees of any State, county or municipal department, board, bureau, commission or agency as it may require and as may be available to it for said purpose, and to employ such stenographic and clerical assistants and incur such traveling and other miscellaneous expenses as it may deem necessary, in order to perform its duties, and as may be within the limits of funds appropriated or otherwise made available to it for said purposes.

3. That the committee may meet and hold hearings at such place or places as it shall designate during the sessions or recesses of the Legislature and shall report its findings and recommendations to the Legislature as soon as practicable, accompanying the same with any legislative bills which it may desire to recommend for adoption by the Legislature.

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
June 20, 1977. }

To the Senate:

Pursuant to Article V, Section I, paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1985 with my objections, for reconsideration.

The purpose of Assembly Bill No. 1985 is to amend the Child Labor Laws to exempt minors 14 years of age and older from the requirement of an employment certificate for work at agricultural fairs, horse, dog, or farm shows which last no longer than ten days and which do not conflict with regular school attendance. Employment certificates for school-age children are, by law, issued through the local public schools and enforced by the Department of Labor and Industry. Their purpose is twofold: first, to ensure that the age and school status of a child seeking employment is verified by an authority which has the necessary records readily available, and second, to protect employers from inadvertent violations of the Child Labor Laws.

The bill which has been sent to me includes in its provisions an exemption for work in "similar exhibitions and expositions," a term which is not otherwise defined or delineated. I have been reluctant to sign this legislation into law because of the vagueness of that phrase.

In addition, the proposed legislation contains an unnecessary and conflicting condition disallowing work with power-driven machinery. Such employment for minors under 16 is already prohibited by P. L. 1973, c. 204 (C. 34:2-21.17). As to minors between the ages of 16 and 18, P. L. 1973, c. 204 (C. 34:2-17) indicates an intent to allow 16 to 18 year olds to work with certain power-driven machinery under specific conditions.

Therefore, I have decided to return Assembly Bill No. 1985 to you with the recommendation that certain amendments be adopted.

Accordingly, I herewith return Assembly Bill No. 1985 (OCR) for reconsideration and recommend that it be amended as follows:

Page 1, Section 7, Line 15: Delete “, or any similar exhibition or exposition”.

Page 1, Section 7, Line 16B: Delete “power-driven machinery.”

Page 1, Section 7, Line 16B: After the word “with” insert “employments prohibited by P. L. 1970, c. 115 (C. 34:2-21.15) and P. L. 1973, c. 204 (C. 34:2-21.17) of the child labor laws.”

Respectfully,

BRENDAN BYRNE,

Governor.

Be It Resolved, That Senate No. 3322 be advanced to second reading by special order.

The following bill was given second reading by special order:

Senate No. 3322.

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
June 27, 1977. }

Pursuant to Article V, Section I, Paragraph 14 (b) of the Constitution, I herewith return Assembly No. 1516, with my objections, for reconsideration.

This bill would allot to each holder of a permit to conduct horse race meetings one racing day in addition to the days authorized by the New Jersey Racing Commission pursuant to P. L. 1940, c. 17. All moneys received by the Racing Commission from that additional racing day would be distributed by the New Jersey State Developmental Disabilities Council to organizations which (1) expend funds for direct services in full-time programs to New Jersey residents who are developmentally disabled and (2) are affiliated with a national organization of the same type and purpose.

The objective of this bill is clearly meritorious. The needs of developmentally disabled citizens in the State are substantial and deserve special attention. That is clearly reflected in the action taken by the Legislature and I am confident that any future bills that may be introduced to deal with the needs of different groups of citizens will be given the same careful consideration. Obviously, however many and meritorious other causes may be, this fund raising device must not be overutilized and to ensure equitable treatment I recommend that the ultimate decision should lie within the discretion of the Racing Commission.

In addition, in order to avoid competition with Keystone Race Track in Pennsylvania and a competitive war for the wagering dollar between New Jersey's Garden State Track and Keystone, the State of New Jersey has entered into an agreement which provides that there will be no racing in Central and South Jersey from Labor Day through the end of the year and during the month of January in the following year. All available racing days are thus being run between February 1 and Labor Day. Should the Commission be compelled to add one racing day, it would, in effect, breach the agreement with Pennsylvania. While Garden State Track was recently destroyed by fire and thus, is not currently operating, I have indicated my intention to see that racetrack returned to operation in 1978. Thus, the agreement must still be considered a factor in implementa-

tion of this legislation. To meet problems of this nature as well, the Commission should have the discretionary authority to approve extra racing days.

Accordingly, I herewith return Assembly No. 1516 for reconsideration and recommend that it be amended as follows:

Page 1, Section 1, Line 2—DELETE “is” and INSERT “shall with the approval of the New Jersey Racing Commission, be”.

Page 1, Section 1, Line 6—After “permit holders” insert “, and provided further that the provisions of this section shall not apply where to do so would require the breach of an agreement entered into by the Commission”.

Respectfully,

[SEAL]

Dear Jack:

I am writing with regard to the General Assembly's consideration today of Assembly Bill No. 3439, of which I am the principal sponsor. The bill would permit school boards to use current-year appropriations to eliminate prior-year deficits in teacher summer payment plans.

Thank you for your cooperation in this matter.

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
July 11, 1977.

To the General Assembly:

Pursuant to Article V, Section 1, paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 2440 (2nd OCR) with my objections, for reconsideration.

This bill would increase the number of judges in the Division of Tax Appeals from seven to eleven and make certain other changes in current legislation governing tax appeals.

This is a good bill, and the money for additional judges is well-spent. Currently, there are substantial backlogs in

the Division which cause excessive delays in the resolution of tax matters. These delays are unfair to both the taxpayer and the taxing authority. I recognize that comprehensive reforms of our current tax appeal system have been proposed, but this legislation is nonetheless immediately necessary to improve the current situation.

Because of the expenditure this bill would require and the "cap" legislation, its approval had to be delayed until the Legislature completed action on bills passed on the final day of the past fiscal year. I am now advised that the bill can be signed without violation of the "cap." I believe that it is consistent with the Legislature's intent to change the effective date of the legislation from its present "July 1 next following enactment" to make it effective immediately. This will allow these judges to assume their duties and begin work to reduce the current backlog.

Accordingly, I herewith return Assembly Bill No. 2440 (2nd OCR) with my recommendations for reconsideration and recommend that it be amended as follows:

Page 3, section 7, line 1: Delete remainder of section after "effect" and insert "immediately."

Respectfully,

BRENDAN BYRNE,
Governor.

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY,	}
EXECUTIVE DEPARTMENT,	
September 26, 1977.	

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1500 (OCR) with my objections, for reconsideration.

This bill would permit a court to order garnishment of wages, debts, earnings and income from trust funds, or profits in a contempt proceeding for failure to make support or maintenance payments. It would apply only if a defendant is more than 90 days overdue in making such payments.

This is a bill which will be of great assistance to the courts in enforcing support orders; I look forward to signing this bill into law. However, two flaws in the bill would seriously hamper its effectiveness. The bill speaks in terms of its applicability to "any contempt proceeding." A contempt proceeding is a term of art; under Rule of Court

1:10-4, this type of proceeding may be used to enforce child support payments. However, another available proceeding to enforce child support payments is the proceeding to enforce litigant's rights pursuant to Rule of Court 1:10-5. That proceeding is less cumbersome, and is used in more than 95% of support enforcement cases. To be certain that this bill will be most effective, it should be amended to apply to "any proceeding brought for failure to make support and maintenance payments."

The bill also requires that payments should be 90 days overdue in order for the bill to apply. While I certainly agree that a failure to make timely payments should be demonstrated, the 90-day period now set forth is too long a time period, particularly in light of the fact that court scheduling requirements might extend the period during which a parent and child would have to do without support payments to four full months. Forty-five days appears to me to be a more reasonable period.

Accordingly, I respectfully recommend the following change in Assembly Bill No. 1500:

Page 1, Section 1, Line 7: Delete "contempt."

Page 1, Section 1, Line 9: Delete "90", and insert "45".

Respectfully,

/s/ BRENDAN BYRNE,

Governor.

/s/ JOHN J. DEGNAN,

Executive Secretary to the Governor.

STATE OF NEW JERSEY,	}
EXECUTIVE DEPARTMENT,	
October 17, 1977.	

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 2125, with my objection, for reconsideration.

This bill amends current New Jersey law to permit the specific designation, in a collectively negotiated agreement, of the "duly certified majority representative", as the sole recipient of organizational dues deducted automatically from the employee's payroll. Payment of dues by way of the exclusive dues check off machinery to an employee organization other than the "duly certified majority representative" would be terminated as of July 1 next succeeding the date on which an employee's notice of withdrawal was filed.

As passed by the Legislature, the bill may conflict with long established practices in the payment of dues by local school district employees in the education field where dues are often paid directly to organizations other than the majority representative. In order not to upset these practices, I recommend amending the bill to exclude employees of local school districts and county colleges.

In view of the above, I return Assembly Bill No. 2125 for your reconsideration and recommend the following change:

Page 2, Section 1, after line 33: Insert

"This authorization for negotiation of exclusive dues deduction provisions shall not apply to any negotiating unit which includes employees of any local school district or county college."

Respectfully,

BRENDAN BYRNE,
Governor.

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY
EXECUTIVE DEPARTMENT

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 1475 with my objection for reconsideration.

This bill allows any county or municipality to establish a voluntary deferred salary plan with its employees that will qualify for Federal Internal Revenue Service tax shelter benefits for those employees.

In order for the proposed plan to conform with the Internal Revenue Service regulations regarding tax shelter benefits under deferred salary plans, the employee must have no interest in the money contributed to the plan. However, language appearing in Section 3e, lines 45-48 of this legislation allows the employer to enter into an agreement with any entity designated by the employee for investment of specified amounts of deferred compensation.

This language violates the Internal Revenue Service provision concerning tax sheltered benefits for enrolled employees and would render the plan inoperative.

Accordingly I herewith return Assembly Bill No. 1475 for reconsideration and recommend that it be amended as follows:

Page 3, Section 3e, lines 45-48: Omit in their entirety.
